THROUGH DEATH TO LIFE.

The following poem is said to have been composed by Harbaugh, an English writer.

Have you heard the tale of the Aloe plant
Away in the sunny clime?
By humble growth of a hundred years,
It reaches its blooming time;
And then a wondrous bud at its crown
Bursts into a thousand flowers;
This floral green, in its beauty seen,
Is the pride of the tropical bowers,
But the plant of the flower is a sacrifice,
For it blooms but once, and in blooming dies!

Have you further heard of this Aloe-plant,
That grows in the sunny clime?
How every one of its thousand flowers,
As they fall in the blooming time,
Is an infant tree that fastens its roots
In the place where they fall to the ground,
And fast as they drop from the dying stem
Grow lively and lovely around?
By dying it liveth a thousand fold
In the young that spring from the death of the old.

Have you heard the tale of the Pelican,
The Arab's Gimel El Bahr!
That lives in the African solitudes,
Where the birds that live lonely are?
Have you heard how it loves its tender young,
And toils and cares for their good?
It brings them water from fountains afar,
And fishes the sea for their food;
In famine it feeds them, what love can devise,
The blood of its bosom, and feeding them dies.

Have you heard the tale they tell of the Swan,
The snow-white bird of the lake?
It noiselessly floats on the silvery wave,
It silently sits on the break—
For it sayes its song till the close of life,
And then in the calm, still even,
'Mid the golden rays of the setting sun,
It sings as it soars to Heaven,
And the blessed notes fall back from the skies—

'Tis its only song, for in singing it dies.
You have heard these tales—shall I tell you one?
A greater and better than all—
Have you heard of Him whom the Heavens adore
And before whom the host of them fall?

How he left his choirs and anthems above,
For earth, its wallings and woes,
To suffer the shame and pain of the cross,
And die for the life of his foes?
O Price of the noble! O Saviour Divine!
What sorrow or sacrifice equal to thine?

Have you heard his tale—the best of them all—
The tale of the Holy and True?
He dies—but his life now in untold souls
Springs up in the new world anew—
His seed prevails, and is filling the earth
As the stars fill the sky above—
He taught us to give up the love of life
For the sake of the life of love—
His death is our life—His life is our gain.
The joy for the tear—the peace for the pain.

Now hear these tales, ye weary and worn,
Who for others do give up your all,
Our Saviour has told us the seed that would grow,
Into earth's dark bosom must fall,
And pass from the sight and die away,
And then will the fruit appear—
The grain that seems lost in the earth below
Will return manifold in the ear.
By death comes life—by life comes gain,
The joy for the tear—the peace for the pain.

FOR YOUNG FOLKS AND THEIR PARENTS.

BY MRS. LINCOLN PHELPS.

CHAPTER III.—In which is shown that different motives influence different minds.

After Alice had retired to her chamber for the night, her thoughts were much occupied with the proposed change in her present life. She turned to her Bible for consolation and guidance. She then knelt down and besought her Heavenly Father to teach her the way in which she should walk, and by His spirit to guide her through the future pathway of life. Having thus committed her ways unto the Lord, she lay down in peace and innocence, and slept quietly, guarded by good angels, who keep their watch over the just.

The morning sun, pouring in through her latticed window, aroused her to consciousness; and as she made her simple but neat toilet, she looked around upon the luxuries of her apartment, and thought of the inconveniences and privations to which she must be subjected in a school. But when again she took her Bible to read, she met with the following passages: "When wisdom entereth into thine heart, and knowledge is pleasant unto thy soul, discretion shall preserve thee, understanding shall keep thee." "Wisdom is the principal thing; therefore get wisdom." Thus instructed and strengthened, she went to the breakfast room, with a calm and cheerful countenance; and when questioned, by her parents, on the subject of their conversation the evening before, she told them, that believing they were better qualified than herself to decide for her, she was ready to do what they thought for the best, adding that she was sensible of being too much in the way of depending on them, and

AN EXCELLENT TICKET.

The Republican County Convention met on Monday last, and have given the people of the County a capital ticket, composed of substantial, well known citizens, every one of whom possesses the requisites of honesty and capacity. The proceedings will be found in our local columns. The deliberations of the Convention were characterized by unusual harmony throughout. The delegates came together with but a single purpose—that of nominating good and true men for the various offices; and as there were no hungry aspirants to press their claims, the delegates had little or no trouble in reaching a satisfactory result. Indeed, the unanimity with which the most of the nominations were made, and the decided vote even on the contested offices, are the highest tributes to the conceded personal worth and eminent fitness of the gentlemen put in nomination. As they are all well-known citizens, we need scarcely make special reference to them.

The Convention honored our senior colleague with the nomination for Associate Judge, the position he now holds by appointment from Gov. GEARY. We feel free to say that the Convention could not have bestowed the compliment on any one more richly deserving it. MR. HARPER is thoroughly identified with the county, having conducted the *Adams Sentinel*, as sole editor and proprietor, for a period of 50 years—during all of which time he was thoroughly devoted to principle, firm in the maintenance of what he believed to be the right, yet courteous and dignified in all his bearing.—He deserves and will receive the undivided support of the Republicans of the county.

In Col. JOHN WOLFORD, the nominee for Assembly, we have a gentleman of enlarged acquaintance with general politics and well-adapted to make a useful legislator. No man dare doubt his honesty of purpose or integrity as a man. Being beyond suspicion, the people of the county can feel assured that he will neither betray the trust conferred upon him nor dishonor the position by yielding to the corrupting influences of legislative life. None of the "lobby" will dare to approach Col. WOLFORD with corrupt appliances.

The Convention did a wise thing in expressing what is the judgment of the Republican party, and many respectable Democrats, that SAMUEL WOLF should take the field as a candidate for Sheriff. Mr. W. is not an office-seeker, and did not wish the nomination. Although strongly urged by prominent Democrats and Republicans to be a candidate, with characteric modesty he declined. He accepts the nomination now, simply in deference to the expressed will of his fellow-citizens.—Although a Republican in his political affiliations, he is not a party hack, and will carry into the Sheriff's office the same kindly, courteous and honest bearing which characterized him in the Commissioner's office.

Mr. BUSHEY, the nominee for Register and Recorder, is one of the best citizens of Franklin township, esteemed for his upright character, good business qualifications, and general intelligence.

Mr. NORRIS, the candidate for Clerk of the Courts, was probably surprised when he heard of his nomination, not having been a candidate. The nomination is a tribute to the marked fidelity with which he discharged the duties of the same office some years ago, as also to his personal worth. Messrs. BUSHEY and NORRIS will both make capital officers.

Mr. HERBST had, in compliance with the wishes of citizens of both political parties, announced himself as an independent candidate for Treasurer. The Convention, recognizing his eminent fitness for the position, unanimously endorsed him as a candidate.

For County Comissioner, we have Mr. OVERHOLTZER, a gentleman of high character and fine business qualification, who, if elected, will go into the Commissioner's office untrammelled by pledges, and prepared to administer the duties of that office independently. He will be a *Commissioner*—not a *fac-totum* to register the decrees of an outside ring.

Mr. MUSSELMAN, the nominee for Director of the Poor, is a man of more than ordinary [illegible] comes from a good sto[illegible] and [illegible] a prudent, safe Direc[illegible] whom people will have every confidence.

Mr. SCOTT and Dr. NOEL, the nominees for Auditor and Coroner, both possess peculiar qualifications for their respective offices, the former being a skilful accountant and the latter a well established Physician.

Such, in belief, is the ticket presented by the County Convention. We think we do not put it too strongly, when we say that no ticket, of equal personal strength or respectability, has ever been put before the people by any Convention. There is not a man on it against whom ought can be said—not one who would not dignify the various offices for which they have been named. Compare it with the ticket presented by the "ring" which controlled the recent Democratic Convention—and then let the independent voters of the county choose between them.

ASA PACKER belongs to the class of "bloated bond-holders," about whom we heard so much from Democratic presses and Democratic orators in the last Presidential campaign. Worse than that he belongs, as the Pittsburgh *Commercial* tersely expresses it, to that "precious mean" class, who after getting very rich contrive to shirk out of their taxes. He fled from his home in Mauch Chunk to a second-rate Philadelphia hotel, by which operation he managed to get rid of paying several thousands of dollars in taxes annually. Of course these thousands have to be paid, and it is not too much to say that they are paid by those who are not as able to pay them as MR. PACKER himself. There is something indescribably small and mean in a fraud—for we can describe it in no other way—like this. Men who resort to tricks to shirk their taxes, when discovered are universally and justly despised. No one pretends to deny this statement concerning PACKER. As a mirror reflecting what kind of a man he is, its accuracy is not questioned. In these days of taxation—the legacy of the treasonable leaders whom PACKER followed as far as he could without shouldering arms for the South—this proven meanness, not to say downright dishonesty of PACKER, ought to be enough to insure his rejection overwhelmingly by the honest tax-paying masses of Pennsylvania.—A man with twenty million dollars playing carpet-bagger to get rid of paying his taxes equally with his fellow citizens, surely is not worthy of their votes for their highest honor.

THE Southern Democracy, having gone through a salutary process of discipline, are disposed to recognize the fact that the party is gone up, unless it abandons the dead issues which have overwhelmed it, and manifests a purpose to accept the situation. They can't exactly understand why their Northern brethren insist doggedly upon being beat year after year, by ignoring the lessons of the hour. The Savannah *News*, of a recent date, pronounces the following eulogium upon its Northern allies, Its principal merit is in its truth:

"It is a rare thing for the Northern Democrats to make a judicious nomination. Indeed, since the South has been left out of their councils, *the party appears to have lost its brains.* There seems to be a fatality that drives them away from every road than can possibly lead to victory. *They appear incapable of learning anything from the past.* It is their blunders along that have kept alive the radical party, which has long since been condemned by the American people. In the late Presidential campaign, they not only brought out a ticket that was obliged to be beaten, but took special pains to secure its defeat by putting the party on the defensive in a long and silly string of irrelevant resolutions.—In the States they have been guilty of equal folly. With the exception of Hoffman, in New York, and Rosecrans, in Ohio, they have blundered in almost every nomination made since the close of the war. The Pennsylvania nomination, on Tuesday, affords a striking example. They could have had the services of Hancock by anything like a unanimous nomination, and his name would have put a Democratic nomination beyond a peradventure; but no, *they must go off on a wild goose chase after a 'copperhead' nominee*, a well-known partizan who will keep his minority party together and the opposition quite as firmly united."

AMONG the distinguished visitors, called to Gettysburg this week, was GOV. GEARY, who commanded a Division of the 12th Corps on Culp's Hill, and who came to meet Gen. SLOCUM and other officers of the Corps. He left in a special train on Wednesday evening, to meet an engagement in Danville, on Thursday. Gov. Geary looks well and seems to be very hopeful as to the result in Pennsylvania this fall. He regards the Gubernatorial contest one of great moment, in view of the Repudation developements in Tennessee, Mississippi, Ohio, and other States, and the bold efforts of unreconstructed Rebels to recover political power in the Southern States. The loyal men of Pennsylvania, warned by these demonstrations, are closing up their ranks, and nothing is needed but a full vote to ensure a glorious Republican triumph.

IT is estimated that the Republicans will gain some four thousand votes this fall in Philadelphia over last year, when Grant had 26,000 majority in the State. This is rather a gloomy prospect for Packer. The great change is attributed to the disgraceful character of the local nominations and bad condition of the city government under the Democratic rule. Thomas Bingham, Esq., a prominent politician in Pittsburgh, estimates Geary's majority in Allegheny at over 8,000. From the Northern and Northwestern counties, including the Republican strongholds of Erie, Bradford, Tioga, and Crawford, the news is also very cheering.

SIXTY times was Major General John W. Geary under fire, and he was never defeated when in command. In one of the fiercest battles of the war his first-born son was shot down near him, but he never faltered. His field service was of the hardest kind from the opening of the war to its close.

Now let us have ASA Packer's record. Where did he expose his precious person—on what field? How much, if any, of his $20,000,000 went to support the Government when imperilled by traitors and rebels?

THE Republican State Committee will formally open the Gubernatorial campaign on the 4th instant, at Troy, Bradford county, where Gov. GEARY, JOHN SCOTT, and other prominent speakers, will address a Republican Mass Meeting, On the 5th Gov. GEARY speaks at Towanda. Other appointments will follow.

IT is estimated that the reduction of Government expenses occasioned by the dismissal of employees from the Treasury Department, exclusive of the Printing Bureau, already reaches $50,000 per month, with assurances of at least half as much in addition in the course of a few months.

A CHANGE FOR AUTUMN.

The *West Chester Republican* says: We are prepared to pay liberal prices for accurate and carefully prepared de- [illegible] of [illegible] Farmer, [illegible] Shooting [illegible] Governor [illegible] Democratic candidate for Governor, as he appeared previous to being immersed in the Lehigh river, by indignant boatmen, whom he wished to compel to work at starvation prices, that he might accumulate a fortune of $20,000,000! The boatmen should also be faithfully represented, as they appeared upon that memorable occasion!

Illustration No. 3.—ASA PACKER, the Democratic candidate for GOVERNOR, as he arose from beneath the waters, and what he did there!

Illustration No. 4.—ASA PACKER, the Democratic candidate for Governor, as he re-appeared on the banks of the stream in the midst of his affectionate admirers!

THE Commissioners of the Sinking Fund of Pennsylvania have advertised for proposals for the purchase of one million of the State loan not yet matured. This is another evidence of the wisdom and economy of Gov. Geary's administration, under which the State Debt,—a legacy of Democratic rule—has been going down year by year. If the tax-payers of the State want to see this economy continued, let them reelect GOV. GEARY.

IT is said the proposition to modify the income tax law is being put into shape by influential Republican members of Congress now in Washington. It is shown that all the necessary expense of the Government, with the exception of interest on the public debt, can be raised by the taxes on whisky, tobacco, licenses and a greatly modified income tax.

THE public debt statement for the present month will show little or no change since the July statement. The fifteen million dollars required for pensions, together with the necessary expenditures, will consume about all of the receipts for the month, leaving the debt about the same.

THE Boston *Traveller* says that the bankers of Boston highly commend Secretary Boutwell's policy, and expect that if gold and bonds are kept so near par as at present, specie payments will be resumed by July, 1870.

THE Republicans of Dauphin county have nominate DAVID MUMMA for the State Senate, and Messrs. A. C. Smith and J. E. PARSONS for the Assembly. Fourteen hundred majority for that ticket is talked of.

POLITICAL ITEMS.

JOHN Quincy Adams, jr., has been nominated by the Democracy of Massachusetts as their candidate for Governor.

THE returns from Tennessee, as far as received, give Senter 65,624 majority. Sixteen counties remain to be heard from.

THE fight for United States Senator in Tennessee seems to be between A. Johnson and E. Etheridge.

GENERAL Longstreet, the Surveyor of the Port of New Orleans, has appointed several colored men to position in his department.

TWO assistant assessors in the Third district of Georgia have recently resigned, under threats of assassination at the hands of the chivalry.

THE Democrats of Baltimore county have nominated Nicholas J. Burke for Sheriff: Amos G. Harryman, Francis C. Fossett, Benjamin Gorsuch and Daniel McCauley for County Commissioners.

DEMOCRATIC magnates evidently do not like to pay taxes. James Buchanan at one time refused to pay his city taxes, assessed on him by Lancaster, where he resided, on the ground that he boarded in Washington. Mr. Asa Packer being assessed in Mauch Chunk, runs off to Philadelphia, registers his name at the Merchants' hotel, and denies that he is a resident of Mauch Chunk, where his family resides, and where he spends the greater part of his time. Any one who would thus try to evade the payment of his share of the taxes is certainly poor material with which to fill a high office.

GOV. GEARY has reduced the State debt at the rate of a million dollars a year, since he was Governor, notwithstanding the State tax has been entirely taken off of real estate.

In the five months that Gen. Grant has been President he has reduced the national debt $4,000,000.

Did anybody ever hear of the Copperhead party reducing a State or National debt? We should like to be pointed to the instance. Under Johnson the taxes were heavier than they are under Grant, but Democratic rings and plunderers in general stole the greater part of it in excess of the legitimate expenses of running the government.

THE Copperhead papers have been accusing President Grant of favoring his relatives in the distribution of favors. The accusation is groundless. But the same chaps are now howling because the President refuses to give any encouragement to his brother-in-law, Judge Dent, whom the "conservatives," alias Democrats, alias rebels, of Mississippi, desire to run for Governor of that State. Gen. Grant promptly refuses to allow any claim of relationship to lead him away from his duty to the Republican party and to the country, and tells Dent that if he runs he must expect the opposition of the administration. The Cops are very much put out because this nice little scheme of entangling the President through a relative has failed.

REPUDIATION AND DEMOCRACY.—Pendleton, the prince of repudiators, is nominated for Governor of the Ohio Democracy. Emerson Etheridge has declared in a speech at Milan, Tenn., that those who have obtained the upper hand in Tennessee must repudiate the twenty millions of war debt incurred by Andrew Johnson. Parson Brownlow and others, in keeping the State in the Union. And now we are assured by a Savannah paper that the Georgia Democracy propose to repudiate all the State debts and obligations incurred by Governor Bullock. So it is that the seeds sown in the Tammany Convention last year are springing up all over the country, and Democracy has become a synonym for repudiation.

SECRETARY BOUTWELL.—The Philadelphia *Bulletin* goes right to the spot, in its comments on Judge Dent's splenetic letter abusing Secretary Boutwell. It says:

Secretary Boutwell is not only one of the ablest members of President Grant's Cabinet, but he is one of the purest, most high-minded, most sincerly honest, most irreproachable politicians in America. Judge Lewis Dent hites on a file of refined steel when he assails George S. Boutwell, because he knows that he cannot be coaxed into any scheme so transparent as the Rebel plot to seize the reconstructed government of Mississippi. This is the head and front of his offending, and for this Judge Dent puts himself before the *country* in an attitude which only reflects shame on himself, while it does not touch the hem of Secretary Boutwell's garments.

THE cotton crop of 1869 is so well advanced that we may safely estimate it at three million bales—half a million more than last year. Supposing that it nets the planters 25 cents per pound (greenback), it will bring them $300,000,000, which is more than they received for the the largest crop ever grown.

A COMPARATIVE statement of the Internal Revenue collected in the months of April, May, June and July of 1868 and 1869 has been prepared in the Revenue Department, and shows that for these months in 1868 it amounted to $67,083,089,03, while for 1869 it was $76,308,288,54, or an increase of nearly ten millions.

ASA PACKER is said to be the "Workingman's candidate." Who chucked him into the Lehigh river? *His own workmen!* What for? Attempting to compel them to work at starvation wages. Will the workingmen be stupid enough to support a man who respects their rights only when he is compelled to do so at the risk of his own life? We think not.

FROM every point of the country, with the exception of the Northwest, there come the same complaint of the long drought, the extreme heat and the withering and burning up of all vegetation. ON Sunday last, a horrible murder occurred at a drinking saloon on the Frederick road near Baltimore. A drunken remark was the origin of the affray, and it ended in a man named Louis Mettee beating out the brains of John Chambers with a stone. Death ensued almost immediately, and the murderer was arrested by the police as he was leaving the scene.

A Miss Hill, niece of General A. P. Hill, of Virginia, was accidently shot and killed by her brother-in-law, Mr. G. W. Skinner, at his residence, in Washington county, Alabama, a few evenings ago. Mr. Skinner was about to leave the house to spend the night with a sick neighbor, and was engaged in recapping his loaded pistol, when one of the barrells exploded, and the ball from it entered the side of the unfortunate lady, killing her instantly.

IT would be very well to receive with some allowances the reports which are coming from the South and Southwest of the shortness of the crops, and that they have suffered severely from the effects of the drouth. First impressions are always likely to be exaggerated, and it must also be considered that such statements give the speculators a splendid opportunity for forcing up the price of breadstuffs, and are sometimes fabricated by them.

FOREIGN.—The Carlists are growing busier if not more plentiful, and reports from Madrid give accounts of meetings between them and the Government troops on the frontier. Fifteen thousand workmen have struck in Barcelona, and there are fears of great trouble with them. It is asserted that the preliminaries of a treaty for the cession of Cuba have been signed.

The Emperor Napoleon has appointed General Le Boeuff Minister of War to succeed the late Marshal Neil. The new Minister is another of the Generals of the Second Empire, and is best known by his services in the Crimean and Italian wars.

The Spanish volunteers in Cuba are reported to be rolling De Rodas as completely as they formerly did Dulce, and their junias are contemplating a seizure of the Government. The Spaniards, in self-defence, formed an organization to combine with the Cespedes Government, but it was defeated by being prematurely exposed by a spy.

NEWS OF NEIGHBORING COUNTIES

CARROLL.—The public schools of Carroll county will be opened on the 1st of September.—J. M. Zimmerman has been appointed Postmaster at Sykesville, *vice* James Sykes, deceased.—The daughter of J. Reinhold, [illegible] last week fell from [illegible] and broke her [illegible] arm.

CUMBERLAND.—Dr. Schoppe has been sentenced to be hung, the motion for a new trial having been overruled.—Adam Titus has also been sentenced to be hung, for the murder of Henry Stahm. Titus had plead guilty of the killing at a previous term, and the Court took testimony to ascertain the grade of murder, which resulted in satisfying the Judge that it was a case of murder in the first degree.—Last week a young son of Isaac Bear, of Middlesex township, aged four or five years, was playing about the barn where the men were threshing. In attempting to step over the tumbling shaft of the separator, while the machine was in motion, his pantaloons were caught, and he was whirled around with such force—striking his head and body against the ground—that he was killed almost instantly.—Wm. Gauld, the Court cryer in Carlisle, dropped dead in the Court-room last week, as Judge Graham pronounced Dr. Schoppe's death sentence.

FRANKLIN.—John Harmony, charged with the murder of Frank Spital, and whose trial came off last week at Chambersburg, has been found guilty of Murder in the Second Degree.—The wife of Jacob Overcash, on the Warm Spring road, complained at breakfast, on the 21st inst., of a difficulty of breathing, and died in a few minutes, aged 78 years.—A man, named G. A. Carton, was arrested in Chambersburg, last Saturday, charged with stealing a horse from J. R. Hodson, in Winchester, Va.—A son of John Hock, of Mercersburg, aged 10 years, on Monday last, was killed by being thrown from a horse.

YORK.—The Hanover people are so much pleased with their recent balloon ascension, that they talk of having another.—A new Postoffice has been established at Slate Hill, and J. M. Parker appointed Postmaster.—The construction of the Peachbottom railroad is being again agitated.—It is said valuable slate quaries have been found near Hanover Junction.

[For the Star and Sentinel.
TAVERN LOAFERS.

MESSRS. EDITORS:—I do not desire to be considered as personal at all by this article, but in general to speak of the bad practice of hanging idly about taverns, to the neglect of business, and to the bad example of others. Taverns are created by law for the accommodation of the public and for the "entertainment of strangers and travellers," and not as loafing grounds for the idle, or for tipplers. The consequences of tippling at taverns, the evils it leads to—neglected families, badly brought up children, poverty, imbecility and want—constantly stare us in the face, and no comment or further experiment is necessary to illustrate the effects of it.

Correct and orderly tavern keepers are often annoyed by persons of this description, whom it is not easy, to get rid of, without an open rupture, which is always disagreeable. Too much indulgence allowed to this class, gives to the premises a bad odour far and near; which it is not easy for a new occupant, by time and the best management, to get wholly rid of.

Another class of loafers are those who do not drink, but hang about taverns day after day, and year after year, merely for the sake of idle gossip; taking up the seats of regular and orderly customers brought there by business; scanning their movements and perhaps not allowing them to escape without remark or a sneer. These loafers are less honorable than the others, for they spend nothing for eating or drinking to pay the rent of the ground they occupy, and their selfish and ill manners have a tendency often to drive custom from the house. I know one landlord at least, who, some years since, allowed himself to be broken up, by indulging too much of this kind of town loafing custom about his premises.

MESSRS. Editors, I have not only seen and been annoyed by such loafers as I have designated, in Gettysburg, but also in New Oxford, Hanover, Littlestown and other places, in my travels. Landlords, for your own comfort and advantage, see to this.

If laws can be enacted that will bring taverns to the true standard and free them from idle tipplers and idle loafers, a great and good point will be gained.

A TRAVELLER.

SUICIDE OF A BRANDED AND WIFE.—LOUISVILLE, August 23.—A horrible and unaccountable double suicide was enact ed yesterday at Jeffersonville, the victims being a newly married couple. George Barnacle, a German, after drinking whisky to excess with his wife, went out and procured a half gallon of Beer, which he brought home. His wife drank some of this beer and in ten minutes was a corpse. Before Barnacle could be prevented he drank a large quantity of the same beer, and died about noon, half an hour after his wife expired. On making an analysis of the beer it was found to contain arsenic and morphine. It is supposed Barnacle put it in the beer, as he and his wife were heard to talk of poisoning each other during their orgies. Barnacle had been in low spirits since his marriage, by reason of a false statement that his wife's former husband was living.

THE amount expended on the government buildings in Washington from the time the seat of government was located there to June 30, 1868, for public works of every description, including buildings and works of art, is $87,390,858.08. The grounds owned by the government in the District of Columbia amount to 578 acres. These facts are adduced to show that the removal project experiences no serious obstacle here. Chicago gives notice that she stands ready to issue bonds to the extent of $40,000,000 to construct government buildings there, in case St. Louis hesitates to come to the scratch. Really the thing is becoming interesting; if not serious!

COMMISSIONER DELANO has decided that the practice of railroad companies, canal companies, banks, insurance companies, and other corporations which are required by law to withhold and to pay over to the United States a tax of five per cent. on all dividends, interest, coupons representing interest, surplus and contingent fund, &c., of treating said amounts as expense of business, and deducting them in all returns where expenses are deductable, is wrong, and cannot be allowed; that the amounts thus paid are not an expense of business, and no such return should be accepted until the Assessor is convinced no deduction of the kind is made.

THE Memphis (Tenn.) *Post* (Republican) says: For United States Senator there will be a multiplicity of candidates. Governor Senter, ex-President Johnson, Emerson Etheridge, Bailie Peyton and ex-Governor Neil S. Brown are already spoken of.—It is probable that Emerson Etheridge will be elected Speaker of the State Senate, and then, by sending Governor Senter as United States Senator to Washington, Etheridge becomes Governor by virtue of his Speakership, and the Executive, as well as the legislative branches of the Democracy, will be in the hands of the Democracy.

☞The following Editorial notice appears in "*The Advocate*," which is the organ of the Methodist E. church in Buffalo:

"CATARH REMEDY.—We think we do the public a favor, by calling the attention of those afflicted with catarrh, to the remedy advertised in our columns, as 'Dr. Sage's Catarrh Remedy.' A son of ours has been seriously afflicted with catarrh for several years, and having tried various remedies without success, we began to fear that in his case there was no cure,—But a months' use of the above medicine has entirely removed all traces of the disease.

"We write the above not for pay, but for the information of those afflicted, and as an act of justice to those by whom we have been benefited."

It is sold by all druggists for fifty cents.

A CONVENIENCE.—We understand that arrangements have been made to establish a Baggage Depot in this place which will be under the charge of responsible parties. Passengers arriving in the trains can leave their checks at the Ticket office, and their baggage will be delivered wherever ordered. Persons intending to leave in the cars can have their baggage called for at their residences and delivered at the depot. tf

PLAIN CLOTHES.—You mustn't imagine that because they make fashionable clothes at Oak Hall and suit the veriest "dandy" with the style and finish of their clothing, they do not have anything plain and genteel for elderly persons and men of plainer taste. The truth is just the reverse. Wanamaker & Brown give special attention to comfort in making up their stock and you can get there a coat with a big collar, or a pair of broad-tail pantaloons or anything else you prefer just as well as the styles and patterns that are more fashionably worn. 1t

TO OWNERS OF HORSES AND CATTLE.

TOBIAS' DERBY CONDITION POWDERS ARE warranted superior to any others, or no pay, for the cure of Distemper, Worms, Heaves, Coughs, Hidebound, Colds, &c., in horses; and Colds, Coughs, Loss of Milk, Black Tongue, Horn Distemper, &c., in Cattle. They are perfectly safe and innocent; no need of stopping the working of your animals. They increase the appetite, give a fine coat, cleanse the stomach and urinary organs; also increase the flow of milk in cows. Try them, and you will never be without them. The late Hiram Woodruff, celebrated trainer of trotting horses, used them for years. Col. Philo. P. Bush, of the Jerome Race Course, Fordham, N. Y., would not use them until he was told of what they are composed, since which he is never without them. He has over twenty running horse in his charge, and for the last three years has used no other medicine for them. He has hardly permitted me to refer any one to him.—Over 1,000 other references can be seen at the depot.

PECULIAR ADAPTABILITY.
BRANDRETH'S PILLS.

Their peculiar adaptability to all constitutions as cleansers of the bowels and the blood has established their great merit. They purify the liver, the spleen and even the heart to healthy action when other remedies have been used without producing any benefit. They do not expose these who use them to any danger, being as safe as salutary.

Extract from Letter to Dr. Brandreth, from C. J. Fay, Esq., P. M. Hammonton, N. J.

"In 1858 I was in poor health, and my friends as well as myself supposed that my earthly voyage would soon terminate. But after taking one box of Brandreth's Pills, I began to feel better. Well, sir, when I had used up twelve boxes I was a well, healthy man—my weight having gone from 131 pounds up to 175 pounds. I have ordered supply, on several occasions, at that time and the present I have retailed three thousand dollars' worth of these invaluable pills, and am quite sure that I have thereby been instrumental in saving thousands of lives.

"Yours, truly, C. J. FAY, P. M."

SPECIAL NOTICE.

SCHENCK'S PULMONIC SYRUP,
SEAWEED Tonic and Mandrake Pills, will cure Consumption, Liver Complaint, and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. The Pulmonic Syrup is to loosen the tight cough, relax the liver, and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh, and soon the cough begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.

When there is no lung disease, and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills should be taken, without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, for they will cure without fail.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere shadow, and his physicians gave up his case as hopeless and abandoned him to his fate. He was cured by the above medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck, unless the patient wishes their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond street, New York, every other Wednesday. His office advice fee, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half-dozen. Mandrake Pills 25 cents a box. For sale by all druggists.

TO CONSUMPTIVES.

The Advertiser, having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means used.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a sure Cure for Consumption, Asthma, Bronchitis, etc. The object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address REV. EDWARD A. WILSON,
Williamsburg, Kings county, New York.

The Star and Sentinel.

Gettysburg, Friday, August 27, 1869.

☞ Adam Butt, of Cumberland township, has a chicken that was hatched the first week in April last, which has since laid ten eggs, and is now hatching.

REDUCED.—Mr. Hoppes, Manager of the Gettysburg Springs Hotel, has reduced the price of boarding to $15 per week and $3 per day.

SCHOOL OPENING.—The Common Schools of this place will be re-opened on Wednesday next, Sept. 1, to continue nine months.

ARRIVED.—The two remaining Statues of the National Soldiers' Monument have arrived, and workmen are now engaged in putting them in position.

WARM.—The weather last week was very oppressive in this place. On Friday, Saturday, and Sunday, the mercury went up to 98° in the shade—some of the thermometers registering 100° and upwards.

ACCIDENT.—William Slifer, of Littlestown, on the 14th inst., had the thumb of his left hand nearly severed while dressing a piece of lumber for a covering for a pickle barrel, in consequence of the chisel slipping.

NEW STREET.—It is proposed to open a new street from the Harrisburg road to the Mummasburg road, through lands of Prof. Ehrehart, Pennsylvania College, Wm. Kitzmiller, and F. Duphorn, to run north of Stevens Hall.

LARGE CABBAGE.—Mr. Solomon Weidner, of Butler township, sends the finest head of cabbage we have seen this season. It is of the "Mammoth Drumhead" species, and weighs 17 pounds, stripped of the outer leaves. Mr. Weidner has the seed for sale.

CAMP MEETING.—An Excursion train will run on the Gettysburg Railroad on Sunday next. The train will leave Hanover at 9 A. M; returning leave Gettysburg at 9 P. M. Fare from Hanover 75; Oxford, 50; Gulden's and Granite Stations 30 cents.

☞ We notice that at the recent Commencement of the University at Lewisburg, in this State, one of the features of the week was a Dinner served up in the Baptist church, at which ladies as well as gentlemen were present as guests. A number of after-dinner speeches were made, among them one by Prof. Stower, of this place.

ODD FELLOWS HALL.—The new Hall, being erected by the Odd Fellows of York Springs is nearly completed, and will be dedicted this fall. It will be a handsome building, creditable to the Order, and an ornament to the town. One story will be fitted up for Stores, one for a Town Hall, and another for the Lodge.

PENNSYLVANIA COLLEGE.—The first session of the new collegiate year of this Institution will commence on Thursday next. Prof. Martin, the new German Professor, is on the ground, prepared to enter on the discharge of his duties. We are glad to learn that there will probably be a large attendance of students.

The Theological Seminary will not open until the last week in September.

FORGING.—Yesterday morning Herman E. Long, of Lebanon, Pa., was brought before Justice Cover, on information of Joseph A. Hemler, of Mountjoy township, charged with having forged a Note of $320 against Hemler. Long, with other parties, has been engaged in the county in selling patent rights for Farming Implements. He was committed, in default of $500 security, to answer the charge.

ARRESTED.—On Friday last a stranger, answering to the name of James Tray, made his appearance in this place, having in his possession a pair of rounded Check Lines, two Bags, and a Crock of Butter, which he offered for sale at various places. As he gave contradictory stories as to how he got possession of thearticles, it is supposed he stole them. Justice Cover committed him to prison. One of the Bags had the name of W. Riley on it.

A HOME PAPER.—Every person should take and read a home paper of their own, and not depend upon borrowing from their neighbors. They should have it in the family. It is, as a general thing, filled with valuable information for the farm and household, and especially for the children. No family should be without a regular weekly newspaper. It is an invaluable source of instruction, and pays its subscription price over and over again. It is the cheapest and most reliable register of passing events, and money invested in it always yield double compound interest.

FINE TOMATOES.—Editors can do some things as well as others; and in the line of Tomatoes, we may say that we have seen none this season, equal in beauty to a bunch of six ripe, well-formed tomatoes, growing on one stem, from the garden of the "senior" editor of this paper, and for which the "junior" hereby tenders his acknowledgments. We are sorry, however, to rob our colleague of any credit connected with the matter, but guess the credit of their production is due to the horticultural taste of his good lady.

Mrs. Georgie S. McIlhenny sends us two fine large red tomatoes, each weighing over 2 pounds. Mr. William E. Culp sends us a bunch of ten yellow tomatoes growing in one cluster, all well ripened—, the cluster weighing over 4 pounds.

STATE FAIR.—It will be seen upon reference to our columns that the next exhibition of the Pennsylvania State Agricultur Society is to be held in Harrisburg, opening on Tuesday, the 28th of September, and continuing until the 1st of October. The premium list is more than usually liberal, amounting to about $10,000. As the society is about to hold consecutive exhibitions at a fixed locality, its officers have had leisure to perfect conveniences which will add much to the comfort of both exhibitors and visitors. A new feature in agricultural exhibitions is introduced into the regulations of this year; indeed it is but an experiment which we hope will prove a successful one. It is the admission of all articles *free of charge* upon compliance with the requirements of the society relative to entries. Other details relative to the fair can be obtained by addressing the Secretary at Harrisburg.

IMPROVEMENTS.—Mr. L. Brandt and Mrs. H. Mehring, of Littlestown, have commenced the erection of new dwellings in that place—the former on West Lomboard street, and the latter on Frederick street.

George Arnold, Esq., has built a new dam at what was formerly Null's mill, below Harney. Capt. Hunter and the miller, Mr. Howard Staley, superintended the job, and it is a good one.

J. A. Shue has built a bank barn in Mountjoy township.

The Misses Galbraith have had a bank barn built in Straban township.

Isaac Myers has just built a large bank barn at Table Rock, Butler township—as has Martin Thomas near by. Eli Bushy a bank barn in Latimore township.

Alexander S. Himes, new Oxford, has his new house under way; and Mr. Nagle, of the same place, has his house ready for the roof.

Levi Golden has built a two-story stone house and Henry Schwartz a two-story brick house, both in Mountjoy township. Samuel P. Young is building a large bank barn on his farm in Union township.

Jacob Kready is building a two-story stone dwelling-house in Fairfield.

Samuel Fiegel is building a two-story brick house at the corner of Washington street and the Emmitsburg road, in this place.—*Compiler.*

Court of Quarter Sessions, Tuesday morning, Aug. 24.—Present, Hon. Jesse Wilson, President Judge, and Associates Wm. Wilson and Jacob Hoke.

Com. vs. Mary Bigham.—Larceny of shirts, &c., bedding, property of Mary Bigham. Ignored, county paying costs.

Com. vs. David Culp.—Indictment for Assault and Battery, on information of Alfred A. Troxell. Ignored, and prosecutor to pay costs.

Com. vs. Henry Grace.—Indictment for Assault and Battery, on information of John Bingan. Ignored, and defendant to pay costs.

Com. vs. Christian Shifferer.—Indictment for Forcible Entry and Detainer, on information of Ottomar Thrum. Ignored, and county to pay costs.

MILITARY RE-UNION.—The Re-Union of officers of the Army of the Potomac, who participated in the Battle of Gettysburg, has been largely a success. Although none of the Corps officers were present, except Gen. Slocum, of the 12th, there were quite a number of Divisions, Brigade and Regimental commanders, and the meeting has been a pleasant one.—Gen. Meade was not present. Among the more prominent officers on the ground we noticed Gov. Geary, Gens. Slocum, Meredith, Robinson, Coulter, Flanagan, Newton, Stone, Wister, Stannard, Steinwehr, Baxter, Owen, Howe, Shaler, Collier, Green, Bonnafon, Graham, McCandless, Selfridge, Dana, and others. The field has been visited by officers who participated in the fight, and important points indicated, throwing light on the movements of the two armies. On Wednesday evening there was a Re-Union, Ball and Reception at the Hotel Springs, which passed off pleasantly. By a most inexcusable mismanagement, the tickets of invitation were not issued until a late hour on Wednesday evening, and hence but comparatively few ladies and gentlemen from town were present.

The movement to secure the attendance of prominent Rebel officers, proved, as we predicted it would, a most miserable failure. The only Rebel officers present were Col. Harrison, of Pickett's brigade, and Col. Allen, of the 7th Tennessee. All the leading Rebel officers declined to be present, either assigning other engagements or expressing themselves adversely to the movement. Gens. Robert E. Lee, and Fitzhugh Lee, in their replies, undertake to "snub" the Memorial Association, by expressing the opinion that its objects are not in good taste, and that instead of erecting memorials on the battle field, it would be better to forget the past. The only effect of this attempt to mix oil and water, has probably been to limit the attendance of Union officers, who disapproved a movement looking towards making Gettysburg "a mere strategic blackboard, upon which dry military demonstrations are to be chalked out," instead of a perpetual memorial of the heroism of the Union army, the loyalty of the American people, and the discomfiture of Treason and Rebellion.

As it is, the Re-Union of officers on the battle-field, and a careful examination of the ground, will largely aid the Association in erecting the desired memorials of the struggle, for the information of visitors in all coming time.

HORSES STOLEN.—On the night of the 18th inst., three Horses were stolen in Littlestown, viz: a dark brown horse, about 16 hands high, bob-tailed, worth $125, property of Augustus Crouse; a dark brown mare, 14½ hands high, worh, $175, property of William Yount; and a dark bay horse, four years old, 14 hands high, worth $175, property of Jacob Keller. They were missed on Thursday morning early, and suspicion attached at once to a stranger, who made his appearance in Littlestown during the day, taking supper at Yantis' hotel, where he registered his name as Samuel Wilson—Wilson having disappeared during the night. His right name is thought to be Murphy, and he is said to hail from the neighborhood of Frederick, Md. Wilson, during the afternoon of Wednesday, called at the store of Wm. Mirick, and inquired the cost of a revolver, which he examined; being told $10, he replied that he "could do better than that." He did do "better," as the revolver disappeared the same night.—Daniel Devilbiss lost a saddle and bridle the same night.

On Thursday morning, a party consisting of Daniel Crouse, sen., Daniel Crouse, jr., Joseph Acker, Brooke Yantis, Benjamin Rahter, Dr. Lefever, Dr. Gettler, Jacob Keller, George Devilbiss, and others, started in pursuit. Wilson was traced to Emmittsburg, through which placed he passed about 4 o'clock, A. M. After that he was lost sight of.

Two of the horses, Messrs. Yantis' and Keller's, were subsequently recovered.—A gentleman by the name of Wilhide, from Johnsville, Frederick county, Md., brought them to Littlestown on Sunday, stating that he had purchased them on Thursday from a stranger who passed through Johnsville with four horses in his possession—and that hearing that the horses had been stolen, he returned them, claiming the reward offered them.

NEW ALLEY.—The Town Council having ordered the opening of an Alley, running north from Railroad street, through the lumber yard of C. H. Buehler and in the rear of lots of Mrs. Wible, J. L. Schick, and Jacob Sheads, viewers were appointed last week to assess damages, &c. We understand that they awarded the following damages:—Col. C. H. Buehler $850; R. McCurdy $100; Prof. Ehrehart $20. The lot-holders on the line of the proposed alley were assessed to pay the follow sums:—Mrs. Wible $20, G. F. Kalbfleisch $20, J. L. Schick $40, Rev. S. Smith $20, Miss Crawford $20, Jacob Sheads $60.

ACCIDENT.—Mr. Miller (Blacksmith,) from New Oxford, while on his way to Camp meeting on last Sunday, with his wife and child, when nearing Gulden's Station, met with a train of cars, when his horse took fright and jumped across the fence, breaking the buggy in pieces. The horse broke loose and ran across the fields with harness and shafts, leaving a portion of the buggy on the fence with wheels broken, top tore in pieces—a complete wreck. Singular to say, Mr. Miller was not injured, and his wife and child were but slightly hurt. It was a Providential escape.

CAMP MEETING.—The colored Camp Meeting in Wolf's Woods, on the York pike, is now in progress, and will continue until Monday next. The attendance has been quite large, and good order maintained. On Monday the seats were re-arranged, so as to bring the audience closer to the stand and prevent crowding around the altar. There has been some excellent preaching by Bishop Jones and other colored men. On Sunday morning, it is expected Bishop Talbot, of Washington will conduct the services.

A USEFUL BOOK.—A. H. Hubbard, 400 Chestnut street, Philadelphia, has brought out a new edition of Courtney's *Farmers' and Mechanics' Manual*," edited by G.E. Waring, Jr. It is not an ephemeral publication, but a valuable and useful book, containing a large amount of statistics and information desirable by Mechanics and Farmers. The manufacturer, merchant, builder, mason, painter, farmer, gardener, accountant and indeed every class of business men, will find in its pages valuable information in the matter of measurement, in its connection with weight, bulk, contents, distance, superficial ares, hints on drainage, manures, rotation of crops, &c. See advertisement.

SAFE ARRIVAL.—We have a brief letter from our colleague, Hon. Edward McPherson, dated London, Aug. 17, announcing his safe arrival, after a pleasant voyage, in which he entirely escaped sea-sickness, being much improved in health by the sea voyage and two weeks of rest. It was his purpose to spend a few weeks in Great Britain, before visiting the continent.

REPUBLICAN COUNTY CONVENTION.

Col. Fahnestock, from the Committee on Resolutions, reported the following:

Resolved, That we re-affirm our devotion to the principles of the Republican party, as set forth in the Resolutions adopted by the last National and State Conventions, and believe that their recognition in the governmental policy of the State and Nation, is necessary to the preservation of Republican institutions and the promotion of the public good.

Resolved, That the administration of President Grant, in its wise and economical administration of the National finances—fidelity and integrity demanded of Government officials—the faithful application of the surplus revenue to the reduction of the National debt—the firm support given to loyal men in the unreconstructed States—the wise administration of our foreign relations—meets our hearty approval.

Resolved, That we confidently endorse the administration of General John W. Geary as wise, economical and honest, and that it deserves, as it has received, the approval of the people of Pennsylvania, and we especially commend his uniform efforts to restrain the evils of special legislation.

Resolved, That in Hon. Henry W. Williams, our candidate for the Supreme Court, we present a learned, pure and patriotic Jurist, who will adorn the high position to which we propose to elect him.

Resolved, That we renew the expression of our gratitude to the brave men who promptly rallied to the defence of the Government, when imperilled by Treason and Rebellion—who stood up amid the crash of shot and shell, cheerfully submitting to privation, toil and sacrifice in the determination that the Nation should not die; and we protest against the policy which would ignore the crime of Treason, and would restore unrepenting Traitors and Rebels to official position.

Resolved, That the extravagance in the administration of the County finances, manifested in the alarming growth of expenditures, demands reform; and the taxpayers of the County owe it to themselves to put in the County offices men of independent judgment, tried integrity, and honest purpose.

Resolved, That the ticket this day presented is commended to the Republicans of the County, and all interested in an economical administration of County affairs, as eminently deserving their confidence and support.

The Resolutions were unanimously adopted, and the Convention adjourned *sine die.*

CHICKEN CHOLERA.—A correspondent of the Iowa Department of Agriculture, says:

My chickens have been dying of cholera for the last two years—even turkeys have died of the same disease. When the hens begin to drop and look sleepy, give them three or four tablespoonsful of strong alum water, and repeat the next day. Also mix their feed (say Indian meal) with strong alum water, feeding twice a day for two or three days—afterward once a week.

Another gentleman, writing to the same department, says:

Take two eggs, one tablespoonful of finely pulverised alum, and a sufficient, quantity of flour to make a thin paste, and force the chicken or turkey to swallow a portion of the mixture, and there are two chances to one that it will recover. I have also used alum, once a day, in their food as a preventative, when the disease is prevalent. Fowls should never have access to swill tubs or any other kind of sour food.

THE FRUITS OF ADVERTISING.—

We notice in a letter from "Long Branch" to the New York *News*, describing the notabilities at that famous watering place, a reference to the magnificent equipage of H. T. HAMMOND, the celebrated Druggist, whose palatial establishment on Broadway, New York, is one of the attractions of that city. Mr. Hembold has built up an enormous trade and amassed a large fortune, which enables him, at fashionable watering places, to compete with the millionaries of the country. His success in business illustrates in a marked degree, the benefits of liberal and systematic advertising. He started in life eighteen years ago with a cash capital of but $2,000. He had the foresight and shrewdness to see that publicity was essential to success, and his first step was to invest all his surplus money in advertising. More than this, he had the pluck and persistency to follow up this idea, regarding judicious advertising as the best investment he could make; and to-day he expends probably five times $2,000 every week in advising the public of what he has to sell. That has been the key-note to the unparalled triumph by which his exertions have been crowned. It is said that he advertises in more than half the newspapers in the United States, paying liberal prices too. In one instance he offered the New York *Herald* $5,000 for a single page of that paper. Mr. Hembold *knows* the value of advertising—that every dollar thus expended brings a rich return—and hence he keeps at it; not fitfully, but regularly and systematically. And yet, with such facts before them, some business men hesitate to expend a few dollars in advertising their goods and wares, and then wonder that they have but few customers, and realize poor prices.

[Communicated.

The Sunday Schools of Fairfield and Tom's Creek, held their Annual Celebration in the beautiful grove of Mr. Landis, near Fairfield, on Saturday last.

The schools assembled at their respective places of meeting and proceeded in procession to the grove, where they arrived about 10 o'clock.

A tasteful stand, decorated with flags and evergreens, had been erected, from which a select choir, lead by Mr. John Sullivan on the organ, and assisted by the Sunday Schools, discoursed some beautiful music.

The exercises were of a very interesting character and were opened with a prayer by Mr. W. Seabrooks and closed with prayer by Mr. Heiner.

Several address were delivered, which were listened to by old and young with marked attention. The schools were then assembled around a table, filled with the choicest refreshments, provided for them by the teachers and friends of the schools. After partaking of the good things, they were dismissed and allowed to enjoy themselves as they saw fit. Ample provision had been made for all present, in the way of eatables, and full justice done by the large crowd assembled.

Too much praise can not be given to those having the affair in charge, for the excellent arrangements and the good order which prevailed during the day. All went home in the evening, higly delighted with the day's performances.

CAUTION.—Extended success in any department of business justly awakens competition, and owing to defective mental and moral structure, often begets envy. Now these are to be expected and may be met with energy and determination; but not unfrequently the bounds of legitimate rivalries are overstepped, and base, unscrupulous men stoop to use the patronage of others to further their nefarious purposes. With the assistance of science, and by means of industry and honesty, in providing a potent remedy, Dr. Stoner's Old Standard Tonic Herb Bitters have attained unparalleled celebrity, having been before the public for the last thirty years.

Wherever they have entered the sick or complaining household, their effects have even exceeded expectation, and so far surpassed all we have ever claimed for them by circular, card, or otherwise, that the public confidence in the medical qualities of the Bitters is unbounded. We do not fear the competition of the empirical throng who attempt to palm off remedies upon the people, which are not scientifically compounded, and are destitute of available qualities. Their empiricism will be discovered in the end, and the inefficiency of their preparations found out. We would rather be envied for merited success than despised for failure, however ungeneous it may be for man either to envy or despise. Against another and a worse class of individuals, we are forced to take action. We allude to those who take advantage of our popularity, and attempt to gain public favor and confidence by counterfeiting the Old Standard Bitters, barely imitating the label, or making other approaches to its preparation calculated to deceive, and as a matter of course, in so far as they succeed, to bring our excellent Tonic into disrepute. The public are hereby warned against all such imitations. In order to further protect ourselves, and save the afflicted from imposition, we have concluded to change our Label so as ever hereafter to sustain our indentity, and keep the reputation of the Old Standard intact. We incur great expense by so doing, but the end warrants the means. The new label along with the caption, directions and neat ornamentation, will present an excellent atsel portrait of C. H. Kryder, the senior member of the firm. This will be the badge of its genuineness, as well as a guarantee of the quality of the Bitters. The label will be duly copyrighted, and thus placed beyond the reach of counterfeiters. By no fault of ours shall the public confidence ever be abused or the reputation of the "Old Standard" be allowed to suffer. None genuine unless signed.

IMPROVED MORNING GLORY.—The famous Morning Glory Stove, so popular as a parlor and office stove, has sometimes been objected to for use in chambers and by families needing but one fire, because not adapted to heat water, &c.—This difficulty has been overcome, and last Monday we saw one of the improved Morning Glories in operation at the Warerooom of Col. C. H. BUEHLER, on Carlisle street, which seems not only to obviate objections now to meet every desired want. It is nothing more or less than the ordinary Morning Glory, with an Oven about 15 inches in diameter attached, and ingeniously arranged dampers by which the heat can be thrown around the oven at pleasure, and making it as hot as the ovens of the best cooking stoves. Water can be boiled, pies baked, and even meat roasted as readily as in a cooking stove. This contrivance, while preserving all the qualities of the Morning Glory as a heater, adapts it for the sick chamber, or use in small families requiring but little cooking. tf

THERE is a deep and powerful agitation among the Salt Lake Mormons, growing out of the schismatic proceedings of the anti-polygamic brance of the church. A letter says:

The int erest awakened by this late movement here is wonderful; the mass of the Mormons are fully impressed with the idea that they are on the eve of a great change; and many of them begin to have visions and dream dreams presaging something grandly mysterious, though they hardly know as yet what it is. It has been a settled point in the Mormon creed for years, that there must be a great split in the church before the final gathering, and the impression is general here that this is the "big split."

A VALUABLE FARM AT PUBLIC

The Star and Sentinel.

Gettysburg, Friday, August 27, 1869.

WHAT THE FARMER MUST KNOW.—The farmer, like the business man, must know what he is doing; he must have some pretty decided ideas of what he is to accomplish—in fact he must calculate it beforehand.

He must know his soil—that is each lot, not only the top, but the sub-soil.

He must also know what grain and grasses are adapted to each.

He must know when is the best time to work them, whether they need summer fallowing.

He must know the condition in which ground must be when plowed, so that it be not too wet or too dry.

He must know that some grains req uire earlier sowing than others, and what those grains are.

He must know how to put them in.

He must know that it pays to have machinery to aid him as well as muscle.

He must know about stocks and manures, and the cultivation of trees and small fruits, and many other things; in a word, he must know what experienced, observing farmers know, to be sure of success. Ther e will not guess—will not run such risks.—*Rural World.*

LAZY FARMERS.—Laziness prevents a man from getting off his horse to put up the first rail that gets knocked off the fence, and through this lazy neglect a whole field of corn is seriously damaged.

Laziness keeps a man from driving one nail when one would do, and finally costs a carpenter's bill for extensive repairs.

Laziness allows a gate to get off the hinges and lie in the mud, or stand propped by rails—or a stable or barn to leak and damage hundreds of dollars worth of provender.

Laziness, in short, is the right and proper name for nine-tenths of the excuses given for bad farming. But by far the most prolific of the many wastes that are due to laziness is the waste of ignorance. But this waste is in itself so great, and has so many ramifications, that we shall have to defer its discussion for another time.—*Dixie (Tenn.) Farmer.*

FOR BREAKFAST.—A lady correspondent sends us the following receipt for a breakfast dish, which she says serves for meat and potatoes:

"Put into a common biscuit pan a heaping teaspoonful of butter, and let it melt and spread over the pan: then take enough slices of bread (stale answers as well as any) to cover the bottom of the pan, and make a mixture to dip them in by beating well two eggs and pouring in milk enough to soak the bread; season it with a very little pepper and salt—make the bread quite moist; then lay it in butter and fry brown on one side, and, if too soft to turn, put into the oven to brown over the top, and you will have a dish that serves for meat and potatoes, consisting of neither. Tell me if you like it."—*Hearth and Home.*

SOAP suds is an excellent fertilizer of grass and grape vines, and should not be wasted. A bit of alum in a tub of soap suds sends the soap and dirt to the bottom and leaves the water fit for use again, if carefully poured off from the sediment, which becomes a concentrated fertilizer, almost as good as guano. If a lump of alum as large as the thumb joint is thrown into four or five gallons of boiling soap suds, the scum runs over and leaves the water clean and soft and useful for washing. We have often, in ancient times, settled a glass of Mississippi water, and made it look as clear as a bell in a few seconds by tying a bit of alum to a string and twirling it under the surface of the water in the glass.—*Hall's Journal.*

WHAT FARMERS CAN NOT CONCEAL.—A poor farmer can not conceal the fact that he is a poor farmer. All his surroundings proclaim the verdict against him:—his horses, cattle, wagons, harness, plows, fence, fields —even his wife and children bear silent but unmistakable evidence against him. On the other hand, all these things will testify favorably on behalf of the good farmer. Every passer-by can read the evidence *pro* or *con.*—This fact alone, ought to stimulate every farmer to do his best, for the sake of his own character, as well as interest; for he may rest assured that every passer-by will pronounce judgment according to the evidence.

ABOUT HORSES.—From the Rochester *Union*, we take the following: "Horses as a general thing, get too much licking and too little feed. If a man loses his hat while driving his horse, he licks the horse to pay for it. If he runs into another wagon through his own careless, he licks his horse to make it all right. If his horse slips or tumbles, he gets licked for it—if he does anything he gets licked for it, and if he *don't* do anything he gets the same. A great many horses know 'a sight' more than their drivers, and if they could change places with them, society at large would be the gainers, and so would horses."

MAKING HAY BY MACHINERY.—According to a writer in the London *Times*, a machine has been invented and tested in England which will greatly facilitate haymaking. The apparatus takes the grass as soon as it is mown and places it in a strong current of hot air set in motion by a fan, to be worked by steam or horse-power, as preferred. The hot air is generated by a furnace, and the revolving fan throws it upon the grass. In this manner, it is claimed, moist grass may be converted into hay of the best quality in ten minutes.

TOMATOES IN A NEW FASHION.—Take good ripe tomatoes, cut them in slices, and sprinkle over them finely pulverized white sugar, then add claret wine sufficient to cover them. Tomatoes are sometimes prepared in this way with diluted vinegar, but the claret wine imparts to them a richer and more pleasant flavor, more resembling the strawberry than anything else.

TO MAKE VINEGAR FROM TOMATOES.—Mash up two bushels of Tomatoes, to make forty gallons of Vinegar. Put the Tomatoes in a cask, add three gallons of common molasses to a barrel, and fill your cask with soft water, and in six weeks if standing in the sun, you will have a superior quality of vinegar, equal to the best cider vinegar.

A CONTEMPORARY says: "There is a man up in our country who pays for his paper in advance. He has never seen a sick day in his life, never had any corns or toothache; his potatoes never rot; the weevils never eat his wheat; the frost never kills his corn or beans; his babies never cry in the night, and his wife never scolds." Reader, are you the man?

ONE OF THE BOYS.—"Where were you Charlie?" "In the garden, ma." "No—you have been swimming—you know I cautioned you about going to the creek. I will have to correct you. Look at your hair how wet it is." "Oh, no, ma, this is not water; it is sweat." "Ah, Charlie, I have caught you fibbing; your shirt is wrong side out." Boy, triumphantly—"Oh, I did that just now, ma, *climbing the fence.*"

WINNIE'S IDEA.—Hearing her father remark that the almanac predicted fair weather, but he did not place much reliance on it, little Winnie said, "If we could only look into God's almanac, now, we should know just what the weather is going to be."

IT is found that the loss of currency by wear and tear is more than sufficient to pay the expense of printing and issuing it. The average life of a bank note is three years, and that of currency a much shorter time.

THE WORLD,

DODGES' OHIO AND BUCKEYE

Reapers and Mowers.

A careful examination of these machines will commence any one of their superior merits over all others, in strength, durability, ease of draft, and reliability for work, on all kinds of ground, and in every variety of grass and grain. Confident of this we invite those in want of a good machine to examine for themselves before purchasing elsewhere.

These machines can be sold as Naked Mowers—REAPERS as Hand Rakes, Self-Rake, or Dropper—Two different sizes: No. 1 Machine, with two cutter Bars and three Knives, cutting four and a half feet in grain and four feet eight inches in grass; No. 2, cutting four feet six inches.

We have that confidence in these machines that we are willing to let those wanting a machine test them with any other they may wish, and keep the one that gives most satisfaction. DODGES' AUTOMAN SELF-RAKE has given such general satisfaction that we consider it the best Self-Rake out, and is attached to no other machine except the Dodge Machine, the Buckeye and Backus patent.

For the benefit of those wanting machines we would refer them here to some of those to whom we have sold the last season, viz:

John Beardorff, Sen.,	Henry Culp,
Ephraim Lady,	Henry King,
George Lady,	Elisha Penrose,
Jonathan Wisler,	David Stewart
James Negley,	W. Ross White,
Daniel Settle,	J. J. Kerr,
John Beshore,	Andrew Weikert,
John Eckert,	Wm. Bigham,
Wm. Fast,	John Geiss,
Cornelius Lott,	John N. Hoffman,
Wm. Geiss,	John N. Boyer,
Wm. Rees,	

Also, WIRE TOOTH HAY RAKES, including the celebrated Brandt Rake, and Self-discharging Rakes. Also, ploughs, planing mills, and farm implements generally.

Persons wishing to examine machines will find them at the warehouse of Jesse Wible & Sons, Gettysburg, Pa., or at the residence of the subscriber, 2 miles from Gettysburg, on the Harrisburg road. Persons wanting Circulars will address the subscriber, Gettysburg, Pa.

WM. WIBLE, Agent.

STILL AHEAD!

HOFFHEINS'

REAPER & MOWER,

One of the Greatest Machines of the Age.

IS superior to any other Machine now in use, and I will excelsior that will ever be introduced, having been thoroughly tried and given general satisfaction. I would now inform all those who intend purchasing Machines to call and examine for themselves. This Machine is noted particularly to excel all other machines in strength, durability, ease of draft, and reliability of work, in all kinds of grass and grain. It is truly a grain admirer, which is a great item in Machines to a farmer. It can be used as a hand rake as well as a self-rake. It cuts 6 feet 2 inches in grain; 4 feet 10 inches in grass; has a steel cutter bar, with wrought iron guards; it can be used as a Simple Mower as well as a Combined Machine.

A full trial of the Machine can be had.

Also, SHERMAN'S SELF-DISCHARGING HORSE RAKE, and the greatest well-known BRANT RAKE, the best rakes ever introduced. We would also call your attention to the IRON DOUBLE SHOVEL PLOUGH, wrought iron frame, very light and strong, steel shovels, easily adjusted to run shallow or deep, and is neatly and tastefully made.

ALSO, THE KEELER AND ENCELSIOR FANNING MILL, the old reliable mill Improved, for many years a great favorite among the farmers of Pennsylvania. It is large and strong, has two cockle screens, and warranted to work perfectly.

Also all kinds of FARMING IMPLEMENTS always on hand.

Sold only by Subscription. AGENTS WANTED EVERYWHERE. Send for Circulars.

GRAND, SQUARE AND UPRIGHT

PIANO FORTES,

BALTIMORE, MD.

These instruments have been before the Public for nearly Thirty Years, and upon their excellence alone attained an unparalleled prominence, which pronounces them unequaled. Their

TONE

combines great power, sweetness and fine singing quality, as well as great purity of intonation, and evenness throughout the entire scale. Their

TOUCH

is pliant and elastic, and entirely free from the stiffness found in many Pianos. In

CAUTION.

An old law-book, published many years ago, has just been hastily re-issued as "a new book," without even a suitable revision of its obsolete statements. Do not confound that work with Chamberlin's Law-Book for the People. July 23—3m

MANUFACTURERS OF

GRAND, SQUARE AND UPRIGHT

PIANO FORTES,

BALTIMORE, MD.

These instruments have been before the Public for nearly Thirty Years, and upon their excellence alone attained an unparalleled prominence, which pronounces them unequaled. Their

TONE

combines great power, sweetness and fine singing quality, as well as great purity of intonation, and evenness throughout the entire scale. Their

TOUCH

is pliant and elastic, and entirely free from the stiffness found in many Pianos. In

WORKMANSHIP

they are unexcelled. Using none but the very best *seasoned material*, the large capital employed in our business enables us to keep continually an immense stock of lumber, &c., on hand.

☞Our SQUARE PIANOS have our New Improved Overstrung Scale and the AGRAFFE TREBLE.

We would call special attention to our late improvements in

GRAND PIANOS AND SQUARE GRANDS,

Patented August 14, 1866,

Which bring the Piano nearer perfection than has yet been attained.

Every Piano fully Warranted for Five Years.

☞P. BENTZ, York, Pa., Sole Agent for the above celebrated Instruments, by special arrangements enabled to furnish them at the Very lowest factory prices.
